Summary of key findings for parents

This provision is outstanding

- Leadership is inspirational. The management team demonstrates an uncompromising commitment towards achieving excellence in all areas. The systems for self-evaluation are highly reflective and continuous. Children, staff and parents are actively encouraged to contribute to the evaluation of the provision.
- The recruitment procedures are robust and ensure only the most suitable staff are employed at the club. The provider is very selective in the recruitment of staff. This helps ensure that new staff are experienced, qualified, confident and capable to fulfil their role from the outset.
- The club is a hive of activity, full of motivated and enthusiastic children. They move excitedly between a range of stimulating activities, both indoors and outside. Staff know the children very well and provide excellent support at all times.
- Staff have realistic expectations of children's behaviour. They implement consistent and highly effective strategies to help children to understand rules and expectations. Staff are excellent role models and support children in learning to understand themselves and others.
- Staff build excellent links with parents. Highly successful strategies engage all parents in their children's care. Parents are very well informed about the progress their children make. Staff share activities with parents to help them support their child's learning further at home.
- Children's experiences are significantly enhanced by the strong two-way communication between the club and the school. High-quality information is regularly shared between the children key person and the Reception teacher to support children's emotional well-being and learning.
